

## *Honolulu Habitat for Humanity*

Honolulu Habitat for Humanity seeks to eliminate substandard housing on Oahu by building decent homes through community partnerships; dignity through homeownership, one home at a time, community to community.

## *The Need for Honolulu Habitat*

Many families on Oahu have “worse case” housing needs, forced to pay more than half their income for housing, endure over crowded conditions and/or live in houses with severe physical deficiencies. The high cost of housing leaves many families little money for other basic necessities like food, clothing or health care. Substandard housing can endanger the health and safety of its occupants, erode their hope and self-worth and impair their children’s ability to succeed in school.

Honolulu Habitat for Humanity helps break the cycle of poverty and hopelessness by working in partnership with low-income families to build decent homes that they can afford to buy.

### *Why Adopt-a-House?*

A House Sponsor is the perfect way to partner with Honolulu Habitat for Humanity to improve the life of a deserving family and to promote a sense of teamwork and cooperative activity. By sponsoring a Habitat house, organizations make a difference in the community that is visible and well-publicized. We offer the sponsoring organization an opportunity to provide leadership experience for its members or employees, and the opportunity to create pride in the sponsoring organization.

### *What Does a House Cost?*

To build ONE simple, decent house on Oahu with volunteer labor it costs \$85,000. After construction is completed, the house is then sold to the families at cost and the mortgage is financed through Honolulu Habitat. The monthly mortgage payments are returned to the revolving Fund for Humanity that is used to build more houses.

## Adopt-a-House Sponsorship Levels

Platinum  
Pavers Club  
\$85,000 +

Golden  
Hammer Club  
\$50,000 - \$84,999

Silver  
Saw Club  
\$25,000 – \$49,999
